MISSION STATEMENT:

St. Elizabeth Catholic Parent's Day Out Program (PDO) is committed to providing quality care in a safe, loving, Christian environment, allowing parents an opportunity to take time out from caring for their children, thereby building stronger families. We will work together developing positive structures and supports for children and staff in a Christ centered way.

PHILOSOPHY:

St. Elizabeth PDO's educational philosophy stems from the belief that all children should be able to grow through accomplishment and with a strong sense of self-worth, therefore, we believe children learn best through play. We offer a hands-on approach for children to learn about God and the world around them. We will strive to provide an environment which encourages this while recognizing individuality within the child. Children will be taught respect for others, as well as themselves, for it is through self-respect that children will be able to grow. We will make every effort to give children a strong foundation for learning – one that will stay with them through the remainder of their life.
